

The Mowers Pursuit Race history: The race started in 1999 after Shawn McKenna at the Wentworth Marina and strong PSA advocate, suggested honoring Dave Mowers, who passed in 1998, and his wife, Ann. Starting in the early 1980's the Mowers, who were power boaters and members of PYC, supported PSA by providing their power boat to PSA as a race committee boat. Ann continues to support PSA as the hostess for the party after the Mowers Race by providing and serving chowder to all the skippers and crew.
