Board of Directors
Portsmouth Yacht Club
Box 189
New Castle, NH 03854

Ladies and Gentlemen,

Within the past couple of years, the membership voted to allow a Life Member to serve on the Board with the understanding that he/she would not hold a Flag position. Considering the current circumstances, we would propose that it be put to the membership to permit more than one Life Member to serve and to permit one of those to be able to fulfill a Flag position.

It has been argued in the past that Life Members have no interest in the finances of the Club and we would argue "who better" has an interest in the financial stability of the Club. We have put hours and years into making PYC a better place and we certainly have a vested interest in seeing that continue into the future.

In that light, we ask that our proposals re Life Members be brought to the membership at the 2020 Annual Meeting.
