Important Update

Dear Members,

Our 95th season promises to be one to remember! I am writing on behalf of the executive committee to give you an update on where we are with the COVID-19 impact to the season opening, events and usage of the club. We hope the following will help you plan for the summer months.

OPENING:

Due to the Governor's stay-at-home order being extended to May 31st, the Beach Club will not open on May 23rd.

The deck, pool and snack bar will open as soon as is feasible while following state and local guidelines to ensure the safety of

members and staff.

EVENTS:

All scheduled social events and activities through August, including the 3rd of July party, are canceled.

It is yet to be determined how the Annual Meeting, scheduled for June 28th in accordance with the Bylaws, will happen.

USAGE:

When the club opens it will be our intent to maximize usage for members.

At this time, there will be no Guests (house, local or significant other) allowed.

We will continue to evaluate the impact to swim team, early morning swim, water aerobics, junior members, caregivers and priority waitlist access.

The committee has been diligent and thoughtful in making these difficult decisions, but there remain many unknowns. We will communicate additional information and/or changes to any of the above as quickly as possible.

Until we meet on the deck, stay well and safe.

**Gail Sudduth
President**
