

Commodore's Report
May 14, 2020

Communication has been the priority over the course of the last few weeks. Since the last Board meeting there have been three updates to members posted on the website, April 14, April 25, and May 4. In addition, there have been several communications with our counterparts at KPYC, Portsmouth Marina, and Wentworth Marina. Also, I have received a number of emails from members with questions, suggestions and/ or comments. Some of these have been shared with the Flags and BOD but I am cautious about not overwhelming your in boxes.

Freida and I have talked about the COVID -19 Guidelines for Re-opening posted on the nh.gov site and sent to the BOD with the agenda. Other communications from organizations like ours have also been disseminated for review as we discuss when and under what circumstances PYC will reopen.

I would like to thank P/C Chris Weller for keeping the website updated and getting the membership emails sent immediately. She has maintained the online calendar, posted COVID messages on our website pages, and has kept the membership informed about important news that affects us all.

My thanks also to the crew who have been thwarted, by the virus and the weather, in their attempts to get the docks in. It is a big job under normal conditions and we are in anything but normal times!

Respectfully submitted,
Pat Dowey
Commodore
